

# APRN MONTHLY MEETING: HPV VACCINATION UPDATE FOR PROVIDERS

November 17, 2015 • 6:30-8:00pm

## Goal/Purpose:

According to the Center for Disease Control, about 33,000 cases of cancer are found in parts of the body where HPV (Human Papillomavirus) is found. HPV causes about 26,800 of these cancers. Each year in the US, about 17,600 women and 9,300 men get cancers linked with HPV. Providers should be equipped with latest CDC guidelines and recommendations in order to provide optimal care and information to patients and parents of minor patients. Please join Dr. Benjamin Elder, Pediatrician and Assistant Professor of McLeod Family Residency Program and Director of Children's Health Information, as he addresses this issue while familiarizing you with the most up to date information in the administration of the HPV vaccine.

## Objectives:

At the completion of this session you should be better able to:

- Discuss the importance of HPV vaccination for cancer prevention and the rationale for vaccinating at ages 11 or 12.
- List the recommendations for HPV vaccine for girls and for boys.
- Provide useful and compelling information about HPV vaccine to parents to aid in making the decision to vaccinate
- Locate resources relevant to current immunization practices.
- Discuss the controversies associated with the HPV vaccine's duration of efficacy.
- Review the adverse event profile of the HPV vaccine
- Discuss the continued need for pap smears after immunization with the HPV vaccine and the potential discontinuation of this practice.
- Discuss the considerations for a mandatory vaccination program.

**Instructor:** Benjamin Elder, MD, FAAP, Assistant Professor and Director of Children's Health Education, McLeod Family Practice Residency Program

## Register

Online at  
[www.scahec.net/  
schoolsregistration](http://www.scahec.net/schoolsregistration)

## Credit

Provided for nurses and all  
others

## Price

Consortium members: \$35,  
Non-consortium members: \$45,  
Students: \$10

*This program is being broadcast over the SCHOOLS videoconferencing network across South Carolina.  
Participants will be able to fully interact with the speakers from participating locations.*

***This program will be held in room number 803-555-1199***

# Credit Statements

## Nurses:

Pee Dee Area Health Education Center is an approved provider of continuing nursing education by the South Carolina Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

This nursing continuing education activity awards 1.5 pharmacotherapeutic hours for APRN's with prescriptive authority upon successful completion.

CE approval refers only to CE activities and does not imply SCNA or Pee Dee AHEC endorsement of any commercial product.

## All Participants:

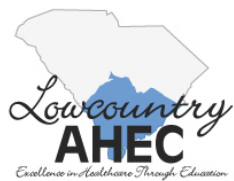

This program is approved for .15 CEU's (1.5 clock hours) by Pee Dee AHEC and meets South Carolina AHEC Best Practice Standards.

**Participants must attend 90% of the program and complete an evaluation in order to receive a certificate of attendance. No partial credit will be given.**
