

APRN MONTHLY MEETING: RADIOLOGY REVIEW

February 16, 2016 • 6:30-8:30pm

Goal/Purpose:

Alan Sechtin, MD and Radiologist and will conduct a Radiological Review for the February APRN Monthly meeting. The evaluation of films in commonly encountered pathology will be addressed as well as considerations in MRI and CT. Discussion will include scenarios when one type of imaging is preferred over the other, considerations for use of oral vs. venous contrast, and evidence based guidelines to assist providers in making appropriate decisions based on clinical conditions.

Objectives:

At the completion of this session you should be better able to:

- Discuss techniques/considerations in evaluating plain x-ray findings of various common pathologies.
- Describe appropriate utilization for MRI and CT for most common clinical situations.

Instructor:

Alan Sechtin, M.D.

Florence Radiological Associates, Florence, SC
