

# Improving the Care of Individuals with Sickle Cell Disease

**April 18, 2017**  
**1:00 PM-2:00 PM**

## Program Description:

This SCHOOLS course is brought to you through a partnership with LEND which will familiarize the healthcare professional with current trends in digital media content as well as current AAP recommendations on its use during childhood.

## Learning Outcome(s):

At the completion of this session you should be better able to:

- Recognize that optimal management for individuals with sickle cell disease is achieved with co-management by a sickle cell specialist and primary care provider
- Describe why a seamless transition from pediatric to adult care is crucial
- Discuss the use of Hydroxyurea and other disease modifying therapy

**Instructor:** Dr. Julie Kanter is a hematologist at the Medical University of South Carolina who directs the Lifespan Comprehensive Sickle Cell Center as well as sickle cell research. She is also the program director and leading physician for (SC)2, a sickle cell disease network in South Carolina funded by the Duke Endowment.
