

Upcoming SCHOOLS Program

Heart Failure

December 5, 2017 | 12:30pm-4:45pm

Description:

This program will review heart failure: the difference between systolic and diastolic dysfunction as well as acute vs. chronic heart failure. Case studies will be examined. The pharmacological treatment for each condition will be discussed. Finally, patient and staff education will be reviewed.

Learning Outcomes:

At the completion of this session nurses will be able to identify the differences between left and right-sided heart failure and as a result, will care for patients using current best practice recommendations for treatment.

Instructor:

Cynthia MacDonald MSN APRN-BC

Credits Available:

Nursing, and AHEC credit

Price:

Consortium Member \$0;
Non-Consortium \$50;
Students \$30

Register online at:
