# **Depression in Pediatric Populations**

July 26, 2019 | 11:00am-12:00pm

### **Description:**

The training is to serve as an overview of depression in a pediatric population. Though there may be an understanding about depression in general, it is often difficult to identify depression in children. This course will describe depression, how it presents in children, and how interventions are applied for children with depression.

### **Learning Outcomes:**

On successful completion of the activity the participant will be able to:

- List diagnostic criteria for depression
- Recognize symptoms of depression in children
- Identify causes of depression and its prevalence
- Identify other disorders often misdiagnosed when a child has depression
- List treatments for depression and identify inappropriate interventions for emotional disorders

### **Instructor:**

Lea Pritchard-Boone, PhD

#### **Credits Available:**

Counselors/Therapist, Social Workers, Nurses, Victim Services Providers and AHEC

#### **Price:**

\$15.00 per class
