

Webinar Wednesdays

In partnership with South Carolina AHEC, Palmetto Care Connections presents Webinar Wednesday. Webinar Wednesday is a free opportunity to learn more about broadband, telehealth, and technology from your desktop or mobile device.

Title: A Guide to Successful Telehealth Implementation

Webinar Date: Wednesday, August 28, 11:00am-12:00pm EST

Description: MUSC Center for Telehealth is one of two federally recognized National Telehealth Centers of Excellence. The role of the Center of Excellence is to close gaps in the national telehealth landscape through ongoing regional and national collaborations and dissemination of telehealth resources. This webinar will highlight best practices to successfully implement a telehealth program based on the Telehealth Services Implementation Model.

Presenter: Shawn Valenta, MHA, RRT, Administrator of Telehealth, Medical University of South Carolina [MUSC Health]
