About the Program

LMC Family Medicine Residency is a newly accredited 13-13-13 program in West Columbia. Lexington Medical Center is a 557-bed hospital and is the anchor for a healthcare network that includes five community medical centers. As one of the largest and most successful healthcare networks in the Southeast, LMC offers access to all the resources of a large institution in a small, tight-knit community. Our leadership team, with over 50 years combined experience in Graduate Medical Education, is excited to welcome our first class in 2023. Our mission is to train and develop competent, well-rounded physicians committed to enhancing the lives of patients in our community. Faculty with extensive experience practicing in the local area are involved in all facets of the curriculum. The Family Medicine residency is committed to providing a comprehensive, academically focused program that will prepare graduates for success in practice while also maintaining a healthy work-life balance. LMC is located adjacent to South Carolina's vibrant capital city of Columbia. The area offers opportunities ranging from SEC sports to cultural events to outdoor activities, including South Carolina's only national park.

Key Highlights

- 13-13-13 program making it the largest in South Carolina at full complement
- New \$20 million, three-story building with event terrace on roof devoted solely to Graduate Medical Education, with Residency Patient Care Offices opening in April 2023
- Certification opportunities (Lifestyle Medicine, Laboratory Director)
- Located adjacent to South Carolina's capital city with opportunities for advocacy at the local and state levels of government
- Robust benefits package including signing bonus, board exam fees, and gym membership
