

South Carolina Family Medicine Residency Programs

Prisma Health / UofSC SOM Columbia Sumter Family Medicine Residency Program

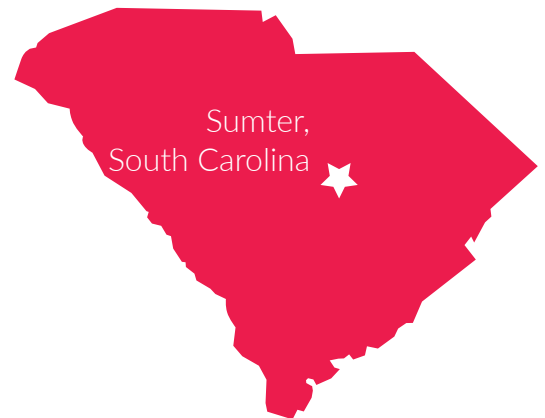

www.prismahealth.org

About the Program

Come be a pioneer in a new, unopposed program in Sumter. We are located in the Midlands region and have as our primary mission educating and training family physicians for practice in rural, underserved South Carolina. Our continuity family medicine clinic is at Tandem Health, an FQHC with a diverse patient population

and a wide variety of resources for community outreach. Prisma Health-Midlands Tuomey has 300 beds that serves as both a community medical center and a regional referral center. We are affiliated with the University of South Carolina School of Medicine-Columbia, which gives us access to resources of the large academic medical center. Our hospital is also a primary teaching site for the Edward Via College of Osteopathic Medicine-Carolinas Campus.

Key Highlights

- Community-based, unopposed program
- Affiliation with the University of South Carolina School of Medicine - Columbia
- Focus population is the rural, underserved population of South Carolina
- Family Medicine Center is part of a federally-qualified health center providing care to the underserved population
- Work with multidisciplinary teams in Diabetic Teaching, Behavioral Health, Pharmacy and Community Outreach
