About the Program

The Tidelands Health-MUSC Family Medicine Residency Program is a unique combination of family medicine learning in a destination location. In addition to broad spectrum training associated with family medicine, we have curriculum components that focus on training in leadership and building skills for lifelong wellness and resilience. The residency program we have created encompasses the best of both worlds—a high-quality community health system setting with the educational resources of a top academic medical center.

Key Highlights

- Most training is completed at an unopposed community hospital with inpatient pediatric training at the Medical University of South Carolina to provide a broad training experience
- Brand new, state-of-the-art, family medicine residency practice located in a health professional shortage area, medically underserved area, and the 2nd fastest growing zip code in the country
- Modern hospital, designated as a LeapFrog Top 98 Hospital, Baby Friendly, Joint Commission primary stroke center and joint replacement center of excellence, Joint Commission certification in childbirth and spine surgery
- Innovative focus on transformational leadership with a longitudinal leadership curriculum with experiential leadership opportunities. Includes Lean/Six-Sigma training
- Exceptional faculty clinical role models (multiple faculty with “Best Doctors in America” designation) and faculty leadership role models (multiple faculty with leadership roles in organizations such as the AMA, Osteopathic Medical Association, etc.)
- Strong focus on physician wellness: dedicated wellness activity time built into didactics, quarterly resident wellness activities, membership at our new HealthPoint gym, and a Fitbit for fitness tracking
- Beautiful destination location, with miles of sandy beaches, national forests, and bike paths. A rural location where everyone knows your name, but just a few minutes from the amenities of Myrtle Beach and 1.5 hours from Charleston
