

# Health Careers Modules

The South Carolina AHEC System developed free online modules created specifically for high school students considering a career in healthcare. The modules are available now and include:

## Career Preparation

Health Science Cluster  
Financial Literacy  
Health Career Exploration  
Introduction to Health Careers  
Resumé Development  
Study Skills

## Soft Skills

Character  
Cultural Competence  
Interpersonal Skills  
Leadership  
Professional Appearance and Demeanor  
Resilience

## Healthcare Topics and Trends

Bloodborne Pathogens  
Ethical & Legal Issues  
HIPAA Primer  
Public Health  
Social Determinants of Health  
Telehealth  
Vulnerable Populations

Register via the link above.
