

IMPROVING THE MEDICAL PROCESS FOR PEOPLE WITH DISABILITIES

Instructor: Kimberly Tissot, Dori Templo, & Mandy Halloran

LOCATION: RECORDED WEBINAR/ON DEMAND

FEE: FREE

PROGRAM DESCRIPTION

It has been 32 years since the passing of Americans with Disabilities Act and healthcare is still behind in providing accessible services. Many of our partner clinics need to update their systems and the way they provide care in order to be compliant with ADA. At the end of this session, attendees will have a greater understanding of ADA, how ADA applies to their work, and next steps to ensure that they are providing equitable, accessible care.
