PROGRAM DESCRIPTION:

Description:

Want to be more effective in your role? Want to enhance your career? From the seasoned healthcare professional to the emerging worker, everyone wants to be successful at work and maximize their impact on patients! How to do this? Discover the top three key skills, critical to workplace success: self-awareness, learning agility, and business acumen. Like many of the world's top performers, learn to leverage these skills to advance your career, optimize your patient care, strengthen your contribution to your agency, and achieve your professional goals this year!

Objectives:

Upon completion of this program, the participant should be able to:

- ◆ Define the three "A's" of career success: self-awareness, learning agility, and business acumen.
- ◆ Employ strategies to enhance self-awareness, showing up as the professionals they want to be.
- ◆ Explore techniques to boost learning agility, foster adaptability and effectiveness in the workplace.
- ◆ Develop business acumen to elevate their contributions within their organization, becoming stronger and more influential and impactful professionals.
- ◆ Take decisive action by utilizing practical tools provided in the workshop to strengthen the three "A's" increasing their impact on their patients, their peers, their supervisors, and their organization as a whole.
