

# Advanced Life Support in Obstetrics (ALSO)

Advanced Life Support in Obstetrics (ALSO®) is an evidence-based, interprofessional, multidisciplinary training program that equips the entire pregnancy care team with skills to effectively manage obstetric emergencies. This comprehensive course encourages a standardized team-based approach among physicians, residents, nurse midwives, registered nurses and other members of the pregnancy care team to improve patient safety and positively affect maternal outcomes. The course format is a blended classroom, which allows learners to work at their own pace to complete the online course portion prior to the live course skills assessment portion.

### TARGET AUDIENCE

Healthcare providers who care for obstetric patients

### OBJECTIVES

Upon completion of this program, the participant should be able to:

1. Discuss methods of managing pregnancy and birth urgencies and emergencies, which standardizes the skills of practicing pregnancy care providers.
2. Demonstrate content and skill acquisition as evidenced by successful completion of course examination, skills workstations and group testing stations.

### LOCATION

McLeod Medical Plaza - First Floor Auditorium  
800 E. Cheves Street Florence, SC 29506
