

Suicide Prevention

Webinar 9 - 12:15 pm

Multiple Dates: May 13, September 16, October 7, December 16

Purpose: Suicide is a leading cause of death in the United States. As healthcare professions interact with patients and clients, the importance of understanding signs and symptoms is relevant in all interactions. Knowledge of risk factors, warning signs, protective factors, and strategies are essential in suicide prevention. This training will address these areas as well as assessment questions, therapies, and medications.

At the conclusion of this program, each participant will be able to:

- Identify at-risk individuals
- List protective factors
- Discuss warning signs: verbal, behavioral, and mood
- Identify assessment tools
- Specify treatment interventions
- Discuss postvention
