

UNLOCKING TEAM POTENTIAL: COMMUNICATING AND COLLABORATING ACROSS GENERATIONS

Friday, August 14, 2026
9:00am - 11:00am

This program addresses gaps in knowledge, skills, and practice related to leveraging generational diversity as a strength within teams. While healthcare professionals work in increasingly diverse, multi-generational environments, many lack the tools and awareness to intentionally collaborate across differences and fully utilize the strengths each generation brings to the team.

SPEAKER

Jaclyn Kohlhepp, SHRM CP, LISW AP, MSW

FEE
